Legend:

- *Between parentheses is the ultimate year of the strategic development plan of the respective country. Whatever the duration of the submitted plan, a maximum of 4 years is taken in consideration.*
- *The countries blocked in red will be eligible only after the payment of their annual contribution to World Archery*

WA assistance could be to one (or both) of the following options:

- an equipment donation made by WA with/without Development Fund Partner(s)
- a discount on an order made to a specific DFP through WA. The discount is about 10% less than the Distributor price.

Countries may be added or removed from this list at any time, if some changes occurred for some countries: *Membership removal, IOC sanction, new board, new plan/project, etc.*)

To be on the list a WA Member Association has to provide a Strategic Development Plan for at least one year and maximum 4 years; except the new Member Associations, because they have not yet a strategic development plan and their objectives are obvious.
